## Youth Ministry Position Posting

Simi EV Free, a small free grace church in Simi Valley, California, is currently looking to help revitalize itself by launching a youth ministry. We are seeking a candidate or a couple that is up for the challenge of partnering with a new lead pastor to launch a youth ministry.

The ideal candidate would have gifting in youth ministry but also be gifted or geared as church planter willing to embrace youth in our community and start the ministry from scratch.

Special consideration and compensation would be given to a candidate that would also be able to support and or help our current worship team.

We are ok with applicants that may see this as an interim opportunity prior to a church plant or allocation to the mission field. We are asking for in good faith, a one year commitment.

We envision this position as being bi-vocational with a half time salary of \$24,000 to \$30,000 per year depending on experience and or family dynamics.

Within orthodoxy, some areas of doctrinal difference may be acceptable. However, with regards to essentials, we are a dispensational free grace church and would not consider a candidate with any other soteriological viewpoints.

If interested please send an introduction letter to Pastor Mike Cratch at [Mike@simievfree.org](mailto:Mike@simievfree.org).

Thank you
